

# Affordable Care (Sliding Fees) Program

## Financial Assistance for Patients

To ensure that everyone can afford the health care that they need, PCHC offers patients an Affordable Care Program with Sliding Fees, based on income and household size. To see if you qualify for our Sliding Fees Program, please contact a **PCHC Outreach and Enrollment Specialist** at **207-404-8100**. You'll be transferred to the specialist for the PCHC site where get your care. These specialists are available on weekdays, Monday through Friday between 8 am and 5 pm.

All patients in our Sliding Fees Program are required to pay a small copay (fee). These fees allow PCHC to keep providing you with high quality health care. Please be prepared to pay this fee at time of service. **No one will be denied access to services due to inability to pay; and there is a sliding fee schedule available based on family size and income.**
